RETENTION										
<p>The Retention outcome threshold set by the CoAEMSP is 70% and based on the Retention/Attrition formula. All programs must calculate Retention based upon the number of students enrolled after completing 10% of the program's advertised TOTAL clock hours (e.g., 10% of 1,200 total clock hours = 120 hours; students completing more than 120 hours will be considered enrolled and will be counted in the calculation of the Retention outcome). This includes all CORE Paramedic coursework (not inclusive of prerequisites such as English, anatomy and physiology, EMT, etc.). Core Paramedic coursework encompasses all phases of the program including didactic, lab, clinical, field experience, and capstone field internship.</p> <p>Retention will be computed using the total number of students that completed in the most recent reporting year (2023) and is calculated by determining Attrition (the number of students who dropped out divided by the number enrolled after 10% of total clock hours). Once the Attrition percentage has been determined, then the Retention percentage is 100% minus the Attrition percentage.</p>

Manually Calculate Attrition/Retention Results:

$$\text{Attrition} = \frac{\text{Total \# of Academic Reasons} + \text{Non-academic Reasons}}{\text{Number enrolled after 10\% of total clock hours}}$$

$$\text{Retention} = 100\% - \text{Attrition}$$

Are results being reported for both the National Registry & State Written Examinations?

Yes

NATIONAL REGISTRY / STATE WRITTEN EXAMINATION

The Written Examination (National Registry/State) outcome threshold set by the CoAEMSP is 70%. The success of any examination results will be computed using the most recent reporting year (2023) based on the total number of graduates attempting the examination. Each graduate should be reported only once.

POSITIVE PLACEMENT										
The Positive Placement outcome threshold set by the CoAEMSP is 70%. Positive Placement means that the graduate is employed full or part-time or volunteers in the profession or in a related field; or is continuing his/her education; or is serving in the military. A related field is one in which the individual is using cognitive, psychomotor, and affective competencies acquired in the Paramedic educational program.

REQUIRED: A detailed ACTION PLAN for Employer Surveys in the box below

Each supervisor who received the survey did write comments for each Graduate, most of which were complimentary, even tho the employment range was from 4 months to 10 months. All of the Graduates passed their FTO training; passed their probation; and, ultimately, all are working in the system where they were originally hired. Therefore, no action plan is required, as we had a strong response to all employers, who complimented the Graduates and gave good reviews of their Paramedic training prior to being hired.

RESOURCE ASSESSMENT

Programs (CoAEMSP LoR & CAAHEP accredited) must conduct Resource Assessment at least annually (Standard IIID) and are required to complete a Resource Assessment Matrix (RAM) which includes ten (10) categories [Faculty, Medical Director, Support Personnel, Curriculum, Financial Resources, Facilities, Clinical Resources, Field Internship Resources, Learning Resources, and Physician Interaction]. If programs have identified deficiencies in resources, an action plan and follow up are required to address those deficiencies. The Advisory Committee should be involved in both assessing the resources and reviewing the result. All resource assessment documents (i.e. student and personnel surveys, matrix, and data collection spreadsheet) are located in the Resource Assessment section on the Resource Library page of the CoAEMSP website.

Was there a RAM completed in the 2023 calendar year?

Yes

Were all of the Resource Assessment Matrix [RAM] categories equal to or above 80% in the 2023 calendar year?

Yes

Congratulations!! All Resource Assessment Matrix categories have been indicated as Met. Please scroll down to the General Information section below.

The RAM section is complete. Scroll down to complete the General Information questions.

Please note: Provide the full onsite and blended distance education percentage for each cohort.

Percentage boxes below must contain a number, should not be left blank, and each cohort must total 100 but cannot exceed it when combined.

Sharing supplemental material, submitting homework assignments, or taking exams using a learning management system (LMS) is NOT considered blended (hybrid) distance education delivery.
